Marquette Middle School

Dress Code for Boys and Girls

2004 ~ 2005

Consequences for Dress Code Violations

If a student is found to be out of dress code, the student will be directed to go to the principal's office. An administrator will review the dress code with the student. If the dress code violation can be corrected the student will do so immediately and return to class. If the violation can not be corrected, the student will call a parent/guardian to explain the violation and ask him/her to bring what is needed to correct the violation.

The student will then wait in the library until the violation is corrected or the school day ends.

Interpretation of the dress code is under the discretion of the administration.

Message to parents: The descriptions contained within the dress code have been written to inform students and parents of items and styles that are acceptable to wear while attending St. Joseph/Marquette Catholic School. If an item or style is not listed within the dress code it must not be worn to school. Students are encouraged to bring an item of question to the administration for approval before it is worn.
